

TIME TRAVEL PROJECT!

YOU ARE GOING TO BE CREATING YOUR OWN TRAVEL COMPANY AND TRYING TO CONVINCING PEOPLE TO PAY YOU TO TAKE THEM BACK IN TIME SOMEWHERE. FOLLOW THE STEPS BELOW TO DO THIS SUCCESSFULLY.

- 1) Name your travel company (have fun with this!)
- 2) Select one of the locations to travel to. This can be really broad (e.g. North Africa during the Mali Empire) or really specific (e.g. North Africa during the Mali Empire to join Mansa Musa on his hajj). I have attached some ideas on page 2.
- 3) Design a brochure that you would give to a client that is considering this trip. You will need to add [colourful, enticing images](#) as well as [answer the following items](#) in your brochure:

- a) Where you are going?
- b) How much it will cost?
- c) What do you travel in? (is it a time travel plane, boat, 1980's car, etc.)
- d) What do they need to pack? (time period appropriate clothes, snacks, medical supplies, etc.)
- e) What **dangers** they should be aware of? (time-period specific issues like gender or race, is there a war in-progress (crusades) or a wide-spread disease (Bubonic Plague), do people get treated differently based on status or wealth?, is ritual human sacrifice a thing there? Erupting volcanoes that may destroy a civilization? ETC.)
- f) **Most importantly**: what things or people from history can they see/experience there?
- g) Along with your disclaimer about dangers, tell your clients if they are allowed to leave things behind, take things with them, or alter events/lives of the past?

4) (OPTIONAL): Your client may not be convinced with the brochure alone, so you need to make a sales pitch. You will present this and your brochure in a video (like an advertisement on TV) and upload it to Seesaw (only if you wish to do so!). This can be a song, a skit, or just a really exciting story that you would tell the clients about your last trip to this place. Whatever it is, you need to make your clients excited enough to want to spend their money on your travel company! This can be as creative as you want it to be. Include historical info or people they could learn about while on the trip!
